

YBuy

when you can rent?

Introducing YBuy Enterprise Solutions

**Manage your business,
not your devices**

YBuy is a **mobile device leasing** company that specialises in **enterprise solutions** designed to **save corporates time and money**, adding value to your mobile ecosystem.

Our offering includes the **rental of smartphones, tablets and laptops** that can be bundled with **on-the-go sim cards and data**. Our holistic support services include **repairs, insurance and upgrades**, as well as sophisticated **device management software**.

Our Value Proposition

YBuy is a subsidiary of the Blue Label group, allowing us access to the group's products and services. In addition to **hardware rental**, we **build and manage APN networks** which allows us to **deliver data at a greatly discounted rate**.

Through device **management of the APN** we can **control URLs, apps and the usage of data**, significantly **reducing operational costs**.
